

London TDM

Procurement and Supply Chain Management Training Courses

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 19 April 2026 To 23 April 2026

Course Place: Royale Chulan Hotel

Course Fees: 6,000 USD

Introduction

In the rapidly evolving business landscape, procurement plays a crucial role in maintaining competitive advantage and operational efficiency. Developing effective Key Performance Indicators (KPIs) is essential for measuring procurement performance and driving strategic improvements. This 5-day professional course is designed to equip participants with the knowledge and skills needed to create, implement, and manage meaningful KPIs tailored to their organization's procurement strategy.

Objectives

- Understand the importance of KPIs in procurement performance management.
- Identify key areas for procurement performance measurement.
- Learn the process of designing effective KPIs.
- Acquire skills to implement KPI-driven improvements in procurement.
- Evaluate and adapt KPIs to changing business needs.

Course Outlines

Day 1: Introduction to Procurement KPIs

- Understanding the role of procurement in organizational success.
- The significance of KPIs in procurement performance measurement.
- Overview of common procurement KPIs.
- Types of KPIs: strategic, tactical, and operational.
- Case studies: Successful KPI implementation in procurement.

Day 2: Identifying Key Areas for Procurement KPIs

- Mapping the procurement process and identifying key performance areas.
