

**London TDM**

# **Health, Safety, and Environment (HSE) Training**

**Course Venue:** United Kingdom - London

**Course Date:** From 25 January 2026 To 29 January 2026

**Course Place:** London Paddington

**Course Fees:** 7,500 USD

## Introduction

In today's fast-paced work environment, an effective understanding of workplace safety and hazard control is essential for maintaining a secure and productive atmosphere. This comprehensive 5-day professional course is designed to equip participants with the knowledge and skills necessary to identify, assess, and manage potential hazards in the workplace. Through a blend of theoretical knowledge and practical application, this course aims to promote a culture of safety and compliance with industry standards.

## Objectives

- Understand the fundamentals of workplace safety and health regulations.
- Learn to identify and assess potential hazards in the workplace.
- Develop strategies for hazard control and accident prevention.
- Implement effective safety management systems.
- Promote a culture of safety awareness and continuous improvement.

## Course Outlines
