**Course Fees:** 6,000 USD

## Introduction

The "Emergency Preparedness and Evacuation Planning" course is designed to equip professionals with the knowledge and skills needed to effectively prepare for and respond to emergencies. Over five days, participants will learn how to assess risks, develop comprehensive evacuation plans, and implement safety measures to protect individuals and businesses during critical situations.

## Objectives

- Understand the fundamentals of emergency preparedness and response.
- Develop skills to assess risks and vulnerabilities within an organization.
- Create effective evacuation plans tailored to specific scenarios.
- Learn communication strategies to manage crisis situations.
- Implement training and simulation exercises to enhance preparedness.

## Course Outlines
